Subj: LETTER OF APPRECIATION

1. I would like to extend my sincere appreciation for the great support provided by your team during the recent Yodaville Refurbishment Project aboard MCAS Yuma. Their many hours of hard work significantly contributed toward providing a more realistic Urban Close-Air-Support Complex for our operational forces. Their continued professionalism and optimistic approach during the refurbishment process was noticed by all. Undoubtedly, your team's contributions will not only increase the combat effectiveness of our aviation squadrons which train on our ranges, but also will provide improved combat effectiveness in the Global War on Terrorism.
